Tickets to the Hottest Events Now Include Insurance

TicketLiquidator.com adds ticket insurance to online purchases

VERNON, CT and RICHMOND, VA, September 5, 2007— For top concerts, sporting events, and the biggest shows in Vegas, fans can find tickets on TicketLiquidator.com. With the cost of attending these popular events rising, the option of purchasing ticket insurance (just 5% of the total cost) is something TicketLiquidator.com hopes will encourage sales.

TicketNetwork, owner of the leading secondary market ticket site TicketLiquidator.com, announced today a partnership with World Access that will make Event Ticket ProtectorSM insurance available for online ticket purchases. If ticket holders purchase the insurance and can't attend an event for a covered reason they will be able to recoup the cost of the ticket, fees and shipping costs up to \$10,000 per ticket.

"For serious fans, no price is too high for the right ticket, be it a big game, a concert or opening night at the theatre," said Donald J. Vaccaro President and Founder of TicketNetwork. "We understand it's the 'what ifs' that can give pause. What if I get sick, what if the kids get sick, what if I have to work – these things weigh on the minds of fans, and ticket insurance is one way to help alleviate those nagging concerns."

Event Ticket Protector, currently available as an option on TicketLiquidator.com, covers ticket holders for event tickets that go unused due to illness, traffic accident, car breakdown, flight delays, among many other reasons.

“TicketNetwork is committed to helping fans obtain the hottest tickets available and we’re proud to support that effort,” said Cassie Brinkley, VP of Specialty Markets for World Access, “We know that 1 in 12 ticket holders do not attend events they’ve purchase tickets for and many of those tickets go unused. Now people who purchase tickets from TicketLiquidator.com will have the ability to recoup their investment.”

About TicketLiquidator.com
